Uganda CarePoint Graduation

The CarePoint and Graduation

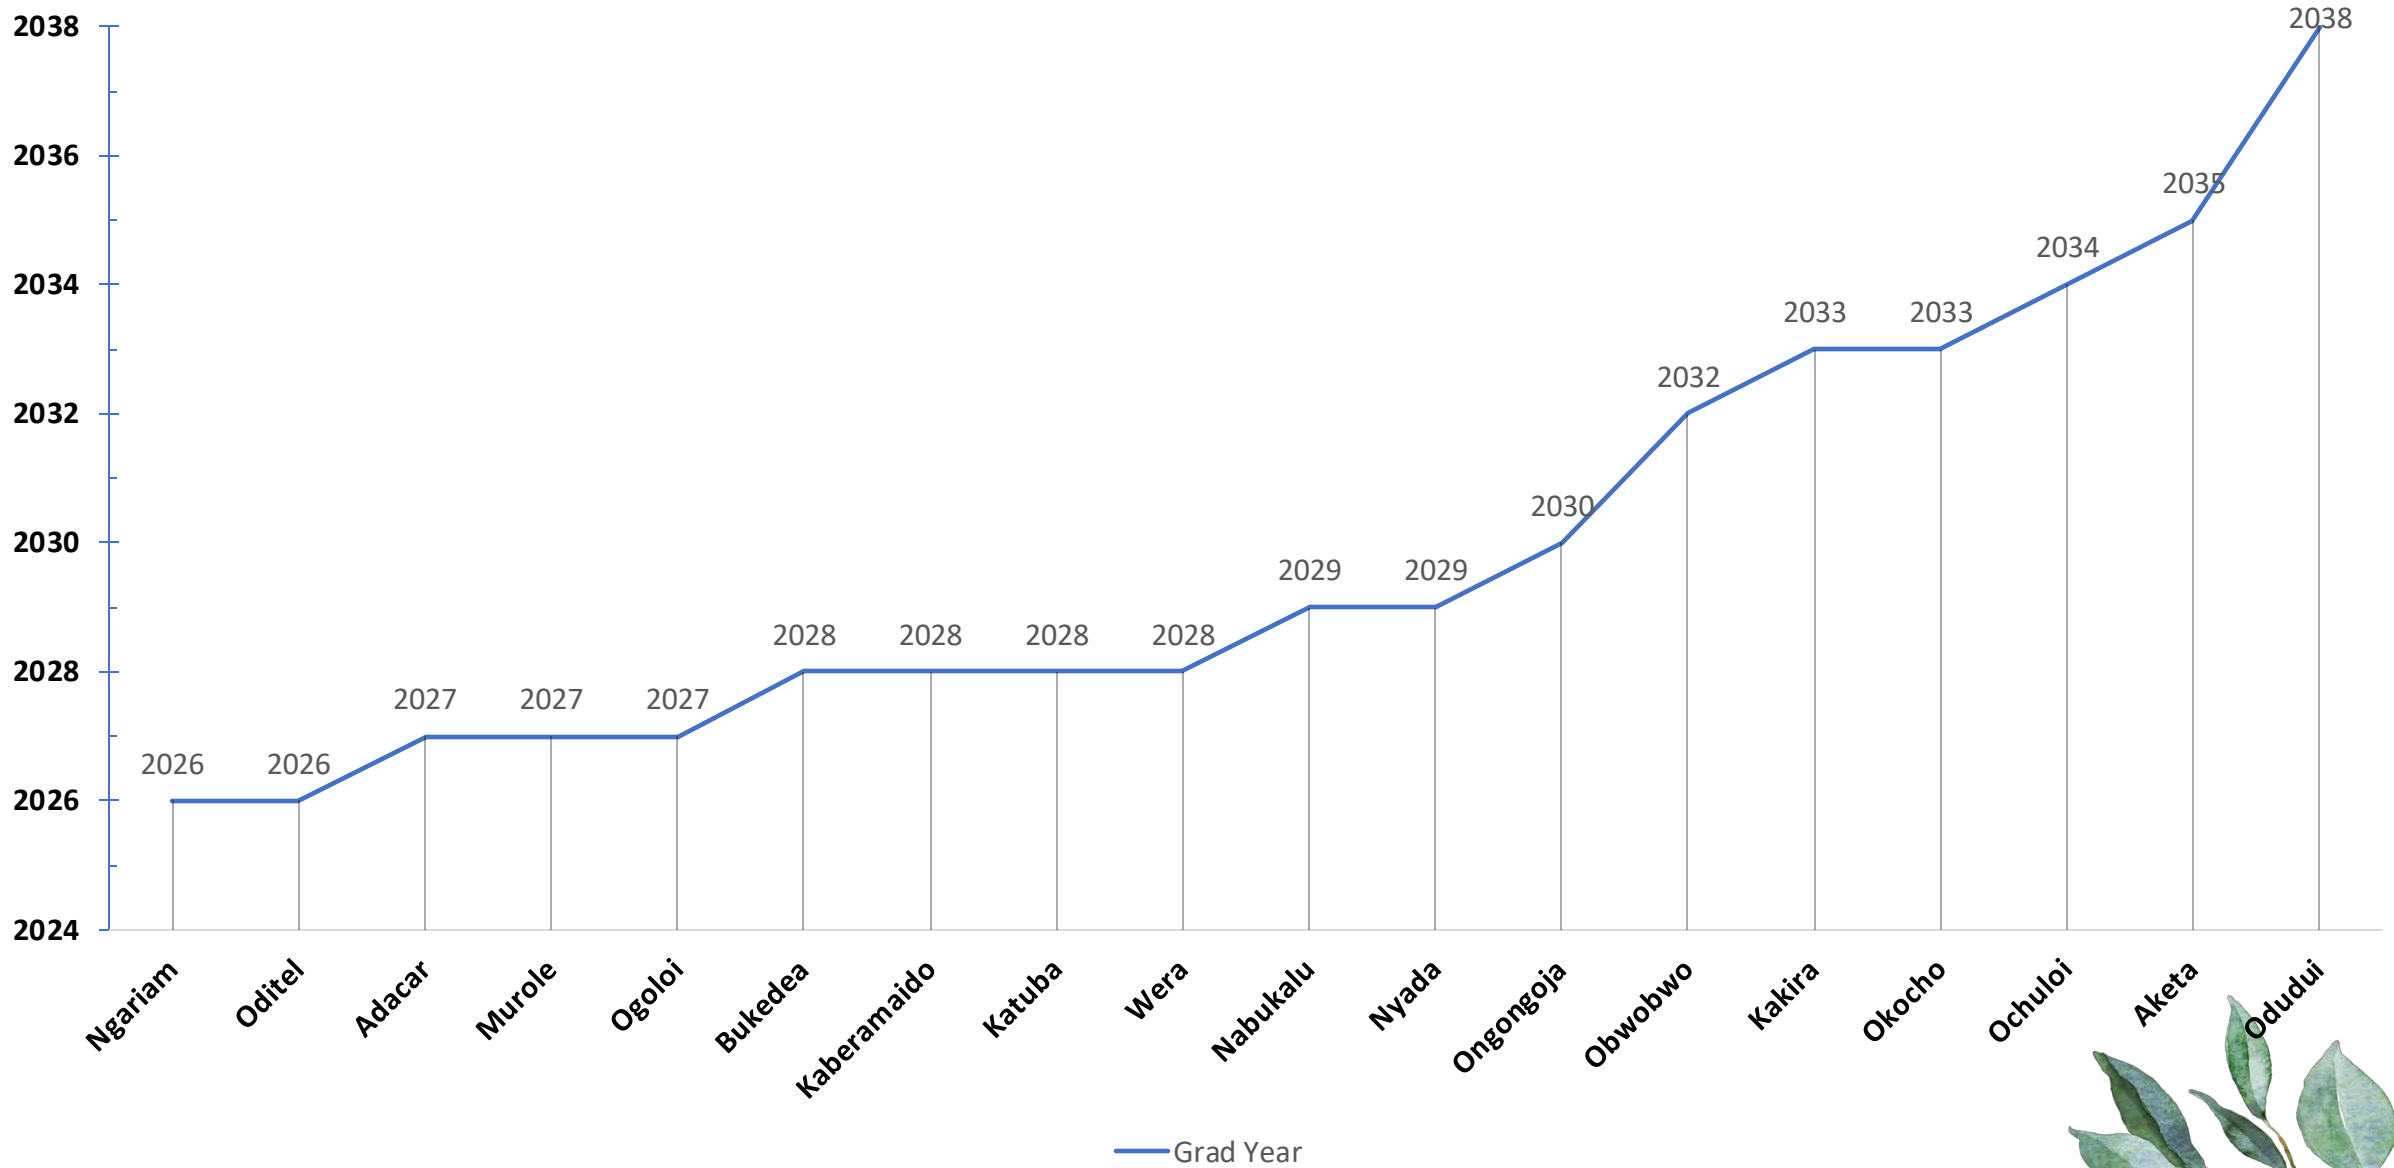

A CarePoint is where the community's most vulnerable children and community members can receive critical resources that empower them to live dignified and self-sustaining lives.

CarePoint graduation means:

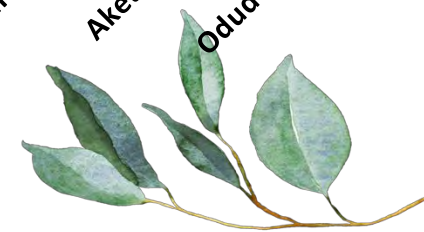

- CHC withdrawing from direct implementation in a community
- Handing over operations to a Community-Based Organization.
- A time when our interventions have yielded positive outcomes in the community and have empowered and “readied” them for self-reliance and sustainability.

Current State Towards Graduation

Ongoing Process

Held brainstorming sessions with PMC and Guardians.

- Are you ready for CHC's exit?
- What are your fears?
- What do you forecast will happen when CHC exits?
- What should CHC do before exiting?
- What success do you celebrate attributed to CHC?

Started capacity building for PMC, topics indicated in next slides

Capacity Building Areas – In Progress

01 The CBO's Purpose

- Vision
- Mission
- Goals
- Objectives
- Activities

02 The CBO Structure & System

- Organogram
- Roles and responsibilities of duty bearers
- Formation and ratification of the CBO constitution
- Meetings
- CBO registration/ Legal Existence

03 Resource Mobilization & Sustainability

- Asset Based Community Development
- Income Generating Activities, IGAs
- Proposal writing
- Local Resources Mobilization
- VSLA Methodology

Capacity Building Areas – Not Started

04 Financial Management

- Financial Planning/ Budgeting
- Accounting
- Banking processes
- Accountability and stewardship

05 Implementation, Monitoring, Evaluation & Reporting

- Implementing CBO Action or Strategic Plans
- Monitoring Processes
- Evaluation Processes
- Recordkeeping procedures
- Report Writing

06 CBO Visibility

- Building Networks and Linkages
- Partnerships
- Relationships

Community Preparation

- Awareness creation on CarePoint lifespan of 15yrs among new locations
- Continuous reminder of years to go for older CarePoints
- Phased implementation of CarePoint activities and projects to reflect the time and age of each CarePoint
- Implementation of Household strengthening projects in preparation for exit
- Capacity Building of the PMC members and guardians
- Encouraging children to commit to stay at school and achieve a successful outcome.

C H A L L E N G E S

- Complacency over time by beneficiaries
- The future of children and youth still in school may be forced to drop out if a strong financing and monitoring strategy is not put in place to support them
- Funding for the continuity of CBO projects may be fluid because of stiff funding opportunities

How do you come in

- Prayer
- Continued Relationship Building
- Reinforce CP graduation communications. Speak one language
- Finish Strong

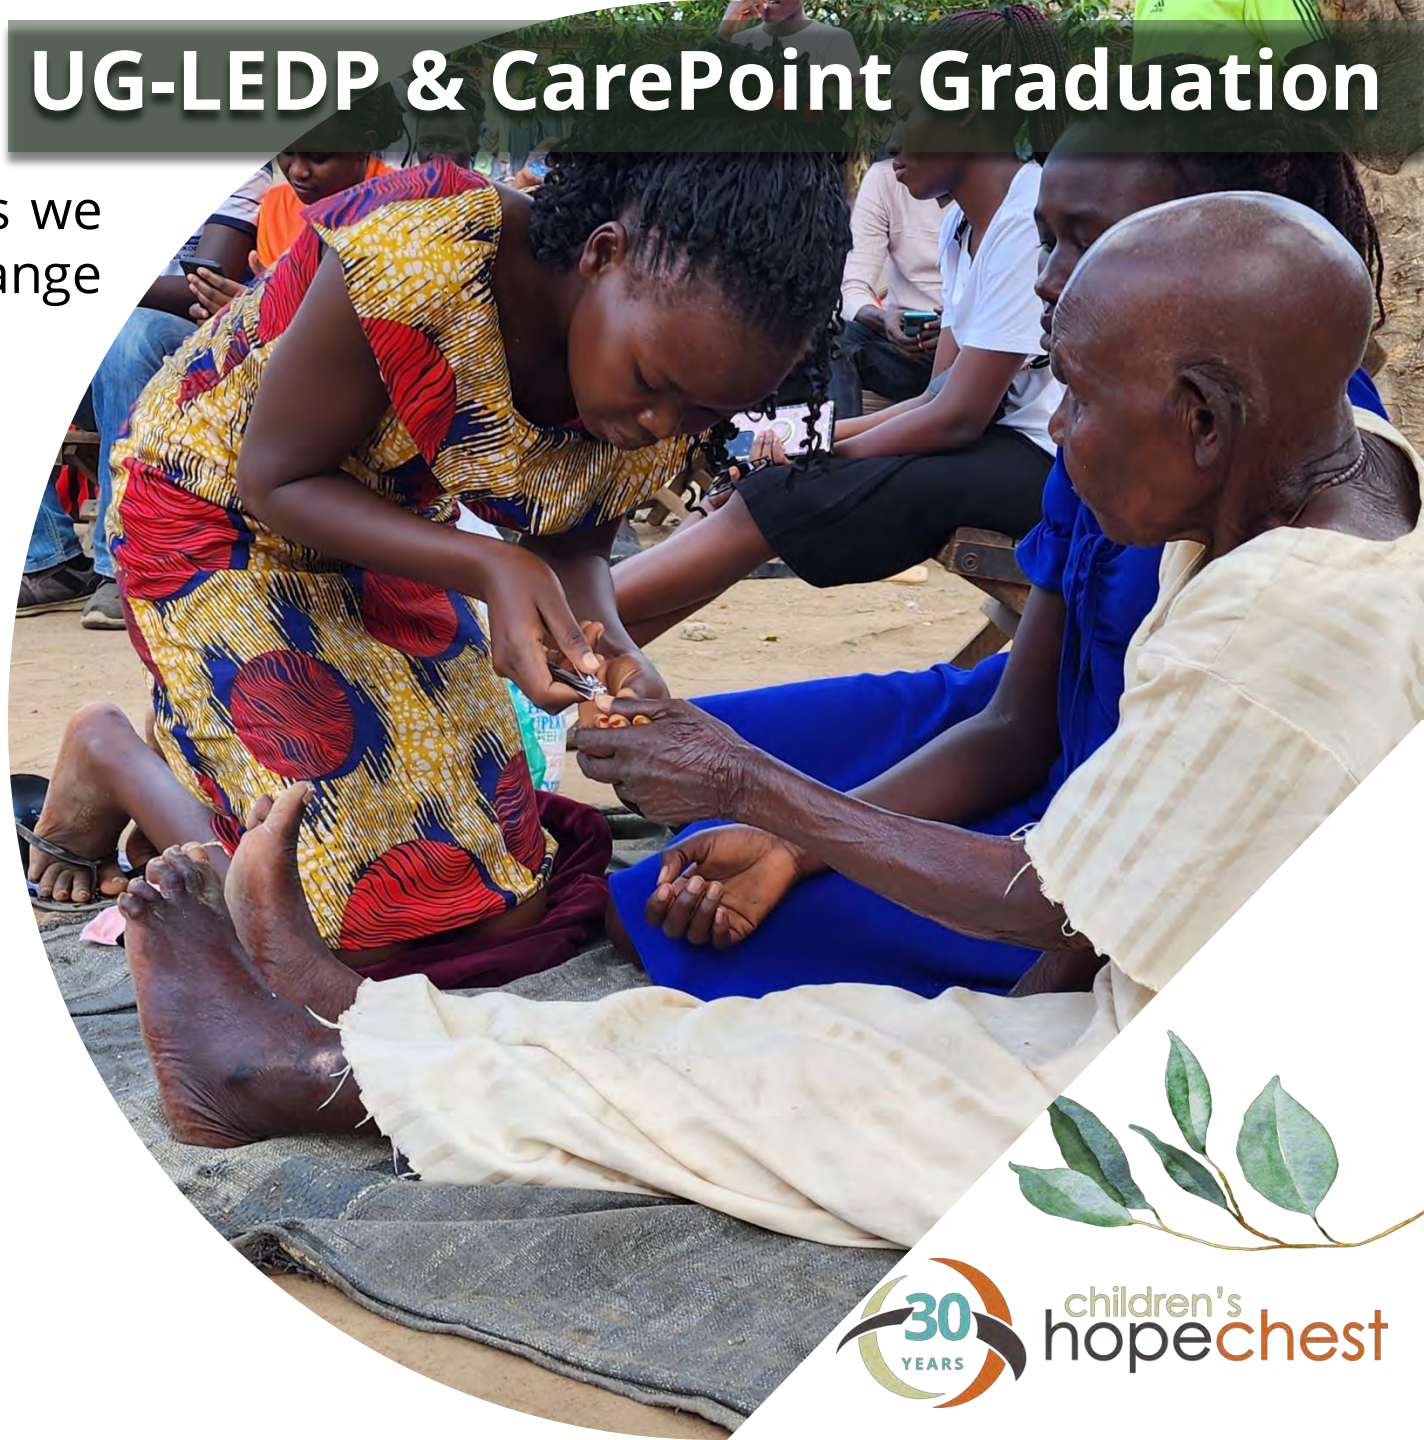

UG-LEDP & CarePoint Graduation

- ✓ Trainees are recruited from communities we work in and are transformed into change agents for their communities.
- ✓ After graduation, these alumni will be absorbed into the CBO board and secretariat as required, they will be a resource to the CBOs and the community at large

Graduates of the UG-LEDP will support the community in;

- Leadership
- Asset Based Community Dev't
- Project initiatives
- Resource Mobilization

- Establishing an alumni program
- Setting up alumni associations at CarePoint and the national level

The associations will mobilize alumni and rally them to support the CarePoints and the community in ways they can.

Thank You
